

WEAVE SERVICE - FAQ

- How long does it take to get my hair done?

2-4 hours for bonded weaves. 3-5 hours for sew in weaves. (this includes cutting and styling) Please be aware that it will take more time if you're having multiple services.

- Do you only work with African American hair textures?

No, I work with all hair textures, Straight, Curly, Silky, Wavy, and etc.

- I do not have a relaxer, can I still get a weave?

Yes, you do not have to have a relaxer to have a weave.

- I just had a relaxer can I still get a weave?

Yes, you can still get a weave. If you intend to get a sew in, it's recommended to wait 1-2 weeks after you get your relaxer. If you want a bonded weave there is no waiting time.

- Should I wash my hair prior to my appointment?

Yes you can, but it is not necessary. Shampooing and Conditioning is a mandatory part of your service(s).

- How many packs of hair do I need?

You will need 1 to 1 1/2 packs of hair for a partial weave, and 2 to 2 1/2 packs of hair for a full weave. Extra packs of hair require more time to install, which will increase the price.

- How long does my hair need to be to get a weave?

Your hair needs to be at least 3 inches long for a sew-in weave. The length of your hair does not matter if you are getting a bonded weave.

- Can I shampoo my weave?

Yes, you may shampoo your weave every 1 to 2 weeks, or as needed.

- Should I oil or moisturize my hair and scalp under my weave?

Absolutely! I recommend using a Moroccan Oil or Argan Oil as a hair moisturizer and scalp conditioner.

- Can I transition from a relaxer to natural hair with a weave?

Yes, as you do not need to have a relaxer to have a weave.

- How long can I leave my weave in?

Recommend leaving in only 2 months, the maximum time is 3-4 months. The weave may still look good, but your hair underneath is the main concern. Matting, tangling, and dreading (which leads to hair loss) may be a result if you leave your weave in too long.

- How much do you charge for weaves?

Refer to Price List

KERATIN-FAQ

Does the treatment contain any harmful chemicals or agents?

No. Not harmful to you or your hair. It's protein that's naturally in your hair, it is a restorative treatment.

Can you do the treatment over Japanese straightening?

Yes. You can do the treatment over any kind of straightening.

Is this treatment a relaxer?

No. It is a treatment based with keratin and collagen that naturally relaxes your hair.

Is this treatment good for African American Hair?

Yes it is good for African American hair. The results are remarkable.

Can you do the treatment after coloring?

Yes. For best results we recommend only after you color your hair.

Can you do the treatment on top of relaxed hair?

Yes. You can do the treatment over any previously relaxed hair.

Can you do the treatment on previously chemically treated hair?

Yes. You can do the treatment over any previously chemically treated hair.

Can you do the treatment on highlighted hair?

Yes. You can do the highlights and do the treatment right after.

Can you do it on virgin hair?

Yes. But it won't last as long as a previously colored or chemically treated hair.

Can you do the treatment on children, if yes, what ages?

Yes. How old will depend on the child's ability to stay still in the chair.

Can I color my hair and do the treatment?

Yes. We recommend you color the hair first.

Can I color my hair after the treatment?

Yes. 2 weeks after you have done the treatment.

Can I wash my hair after the treatment, and when?

Yes, but you must wait 3 whole days (72 hours) after you have done the treatment.

Can I wear a ponytail or tie my hair?

Yes, but you must wait 3 days after doing the treatment, and after washing your hair.

What should I do if my hair gets wet during the first 3 days?

Blow dry immediately and flat iron.

Can I go into the pool or ocean after the treatment?

Yes. Again after 4 days.

How long will the treatment stay in my hair?

The treatment lasts for approximately 12 - 14 weeks.

What shampoo can I use after doing the treatment?

We recommend shampoos that do not contain Sodium Chloride- Sulfate Free Shampoo which will remove treatment.

Do I have to do touch-ups on my next visit or the whole head?

The whole head must always be done over.

When should I have the treatment done again?

Once the Keratin treatment wears off, usually 3 to 5 months.

Should I cut my hair before the treatment?

We recommend cutting your hair afterwards.

Can I use any hair-spray, gel, mousse, or any other hair products on my hair during the 4 day period?

No. We recommend that you keep the hair free of any products during the curing process.

If I get any ridges in my hair when I sleep, what should I do?

Use either a blow dryer or flat iron to straighten out the ridge in the hair as soon as possible.

Can I do the treatment while pregnant or nursing?

It is not recommended.
